

CARRY THE CARD THAT COUNTS.....join the PTSA

As the school year begins, what better way to show your commitment to your child's future than by joining the **P**arent **T**eacher **S**tudent **A**ssociation. As a PTSA member you will help to speak on behalf of all children at local, state and national levels. Your PTSA membership also provides many fun and educational activities sponsored by PTSA. The importance of a strong membership base within smaller school districts cannot be overstated! Our goal this year is 100% membership. By achieving this we will become a greater voice in the cause for excellence in education. 100% membership will also demonstrate to our teachers and administration how committed we are to the children. The PTSA needs your support, so join today. Remember; students in grades 4-8 can join, too.
